ABOUT ME

Physician and healthcare executive with experience in clinical leadership, health service management, human resources oversight, and coordination of multi-site medical operations across West and Central Africa.

WORK EXPERIENCE

DIRECTOR IN CHARGE OF HUMAN RESOURCES – CABINET MEDICAL ALLO DOCTEUR – 01/09/2025 – Current – DOUALA, CAMEROON

Recruitment and staffing
- Identify staffing needs for doctors, nurses, laboratory technicians, and call-centre personnel across the different branches.
- Coordinate recruitment, interviews, and selection of qualified personnel.
- Ensure appropriate workforce distribution between the centres in Douala, Yaoundé, and Abidjan.

Staff supervision and performance management
- Monitor staff performance and ensure that employees meet professional and organisational standards.
- Conduct periodic evaluations and provide feedback to improve productivity and service quality.
- Address professional conflicts and disciplinary issues when necessary.

Human resource policy and compliance
- Develop and implement HR policies, internal regulations, and staff guidelines.
- Ensure that employment contracts, working hours, and staff management practices comply with applicable labour regulations.
- Maintain proper personnel records and administrative documentation.

Training and professional development
- Organise training programs for medical and non-medical staff to improve skills and service quality.
- Support the continuous professional development of doctors, nurses, and laboratory personnel.
- Facilitate the orientation and integration of newly recruited staff.

Organizational coordination
- Work closely with the CEO, Director, and department heads to align human resources with operational needs.
- Ensure effective coordination between clinical teams, laboratory staff, and call-centre personnel.
- Contribute to improving staff motivation, workplace culture, and organisational efficiency.

MEDICAL ADVISOR – ALLO DOCTEUR SARL – 01/02/2025 – 01/09/2025 – DOUALA, CAMEROON

-Supervise the professional performance and conduct of a multidisciplinary medical team, including **5 medical doctors, 6 nurses, 6 laboratory technicians, and 4 patient follow-up staff**.
-Organize and lead **weekly training sessions** to build clinical capacity, ensure up-to-date medical knowledge, and strengthen team cohesion.
-Develop and enforce **standard operating procedures (SOPs)** to improve consistency, efficiency, and safety across clinical and diagnostic services.
-Design and implement **medical protocols and quality assurance measures** to guide patient care and reduce diagnostic or therapeutic errors.
-Coordinate with administrative and field staff to align clinical practice with the center's strategic public health goals.

CHIEF MEDICAL OFFICER DOUALA BRANCH – CABINET MEDICAL ALLO DOCTEUR – 01/11/2022 – 01/09/2025 – DOUALA, CAMEROON

As head of the center and a medical doctor, I had both a clinical and an administrative role. Some clinical tasks involved;
-In-depth consultations and counseling sessions with patients.

-Short and long-term follow-ups (involving follow-up phone calls).
-Home-based consultations of debilitated patients.
-Production of health education content for social media pages (texts and videos) and organizing health talks on specific occasions (e.g World Menstrual Hygiene Management day 28/05/2024).
-Minor surgical procedures.
-Updating treatment protocols and training personnel on the said protocols.
On the administrative side, I was in charge of:
-Personnel recruitment and management (A team of 11 people)
-Payment of salaries and control of accounts.
-Daily financial reports.
-Purchasing medications, controlling pharmacy accounts and logistics.

GENERAL PRACTITIONER – BONAMIKANO HEALTH CENTRE – 01/10/2021 – 29/10/2022 – DOUALA, CAMEROON

Being a government medical centre, I had both clinical duties and community health occupations.
These involved:
-Supervised vaccination campaigns and monitored in-field teams during campaigns (During the cholera vaccination campaign in September 2022, I was in charge of a team of 10 vaccinators)
-Supervised logistics during mosquito net distribution campaigns in October 2022.
-Patient consultations and management so as to treat illness and promote recovery. (Involving both day duties and all-night calls).
-Reporting cases of diseases with an epidemiological potential to the competent authorities.
-In and out-patient follow-ups.
-Minor surgical procedures.

EDUCATION AND TRAINING

06/10/2015 – 01/07/2022 Buea, Cameroon

PUBLICATIONS

2024

Age and gender disparities among patients on maintenance hemodialysis at the Buea Regional Hospital and Douala General Hospital: a five-year retrospective study.

Penandjo L.R. Age and gender disparities among patients on maintenance hemodialysis at the Buea Regional Hospital and Douala General Hospital: a five-year retrospective study. African Annals of Medicine. [Dec 2024, Vol. 18, number 1, Pages e5788].

VOLUNTEERING

25/04/2025 – 25/04/2025 BANSOA, WEST REGION

HEALTH CAMPAIGN (Free consultations and medications)

In cooperation with the Bansoa Health Centre, we conducted a health campaign that entailed free consultations and distribution of free basic medications. During this day 80 people were consulted of which about 25% were newly daignosed hypertensive.

28/05/2024 – 28/05/2024 Morning Dew Billingual Primary School, Buea, SW Region, Cameroon.

HEALTH EDUCATION ON THE BASIS OF MENSTRUATION

During the world menstrual hygiene management day, in partnership with the Association for Sustainable Women Empowerment and Regional Delegation for gender equality and women empowerment. About 40 children between the ages of 10-13 years were educated on the basis of menstruation and proper menstrual hygiene management methods.

28/03/2019 – 01/04/2019 Buea town community, SW Region, Cameroon.

EVALUATION OF THE HEALTH STATUS OF THE BUEA TOWN COMMUNITY

This was a joint initiative amongst medical students. We administered questionnaires in the Buea town community on their perception on certain health matters. This was followed by free BMI, blood pressure and blood sugar measurements.

23/03/2019 – 27/03/2019 Buea town community, SW Region, Cameroon

POLIO VACCINATION CAMPAIGN

This was a polio vaccination campaign done in the Buea Town community under the supervision of the Buea Town Health Centre.

24/08/2017 – 25/08/2017 Buea, SW Region, Cameroon

FREE HIV SCREENING CAMPAIGN

This was a two day free HIV screening campaign organized by the Faculty of Health Sciences Student Association, HESSA.
